Not all treatment tables are created equal — or priced equally. Clinton Flat Top Tables use materials like solid hardwood legs, premium 1 1/8” panel legs or a sleek, powder-coated steel frame. Those quality materials aren’t inexpensive, but Clinton’s classic designs demand nothing less. As a matter of fact, some Clinton treatment tables have been in service for more than 25 years. We credit much of our durability to our use of steel fastener construction instead of wooden dowels, which can weaken over time.

All of our tables feature a comfortable 2” firm foam padded top in your choice of 20 colors of premium, woven-back upholstery. All of the quality, all of the selection — and all at some of the best prices in the business, ROTI’s 5-year warranty!

Examine our flat top tables, and you’ll find why Clinton flat out beats the competition in quality, selection and price.
