**WHY CLINTON?**

Buyers of medical equipment are faced with evaluating clinical needs and justifying expenditures on nearly every purchase. Now, Clinton makes it a whole lot easier on everybody—products that maximize performance and aesthetics while minimizing costs.

**Performance.** With nearly forty years in medical manufacturing, Clinton has met the evolving challenges of the industry with products that fit the needs of providers, while at the same time maintaining a track record of durability that boasts the best warranty in the business.

**Aesthetics.** Nobody likes outdated anything, so Clinton has changed its products over the years to reflect the advances in medical practice, design and contemporary decor, making products with appeal in both form and function.

**Cost.** Bells and whistles are great, but they also drive up costs. On the other hand, why pay more if you don’t have to? Clinton products fill needs instead of empty pockets, providing medical professionals with just the right products—at just the right prices.

Step-Up Treatment tables are literally and figuratively a "step up" from regular treatment tables. A handy easy-to-use, sturdy, pull-out step stool is built right in, so it stays in place when in use and slides out of the way when stored.

Step-Up Treatment Tables feature:

- Easy-clean laminate surfaces
- All welded, reinforced stool
- Rounded corner top
- 2" of firm, foam padding (5 cm)
- Adjustable backrest standard on all models
- Choice of upholstery colors

Step-Up, Treatment Table with Sliding Doors

- Sturdy, all laminate and steel construction
- Handy, steel stool with slip-resistant top pulls out for use, and neatly stores out of the way when not in use
- Stool can be easily changed on site for use on either side of the table
- Adjustable backrest with 2" for firm foam padding
- 2 sliding door storage, accessible from either side of the table
- Non-marking glides for easy positioning

WARNING: This product can expose you to chemicals, including diisononyl phthalate (DINP), which is known to the State of California to cause cancer.

Clinton Family Practice Tables are perfect for the private practice physician, clinic or urgent care medical facility. Their versatile design, durable construction and multi-use features along with a very reasonable pricepoint make them a popular choice for anyone seeking a cost effective alternative to expensive exam tables. Clinton Family Practice Tables are available in a variety of styles which offer choices in features, options and price. The 58” length, with a pull-out, laminate, leg rest that extends the length of the table up to 72”, makes them a great fit for small exam rooms where space is at a premium.

From economical to very economical, Clinton has a family practice table that is just right for most needs. All Family Practice Tables feature:

- Easy access height of just 31 inches
- Adjustable backrest
- Pull-out, easy-clean, laminate leg rest that extends the length of the patient area
- Available in woodtones and solid color laminates
- Wide selection of upholstery colors

Family Practice Table with Step Stool
- Heavy duty table laminate construction
- Adjustable pneumatic backrest
- Handy, welded steel, pull-out, step stool
- Storage access from either side, so work flow is a full 360° around the table.
- Two drawer storage at the foot end of the table
- Two-position, pull-out stirrups that fold neatly out of sight when not in use
- Pull-out, laminate, leg rest extends the length of the table
- 400 lbs. load capacity under normal use (181 kg)
