

**CART-MATE**  
CABINETS™

You need your space, so make the most of it with Cart-Mate Cabinets by Clinton.

Because today's exam rooms are small, clinicians need to maximize the available space. Cart-Mate makes that possible by adding a mobile cart to the stationary cabinetry, making it easy to have needed instruments and accessories close at hand without cluttering the exam room space with extra furnishings. Just position the mobile cart for convenience during treatment and tuck it nicely away within the confines of the stationary cabinet when not in use.

Get affordable Cart-Mate cabinets today and save space—and money.
